

Traveller Advanced C1 Teacher S Book

Hi Irene,

How are you? I'm fine. I didn't know that you play the guitar! I think it's a very difficult instrument, ~~doesn't~~ isn't it?

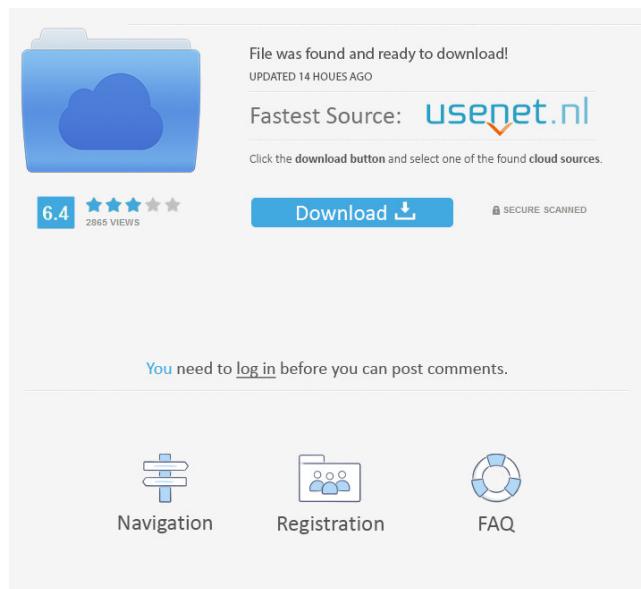

I played the piano for a year when I was in the first class but then I preferred to concentrate ~~me~~ only ~~in~~ on school and ~~in~~ on playing tennis.

I really love pop music but I like classical music too. But lately I ~~lately~~ only listen to ~~only~~ love songs ~~of~~ by Benji e~~and~~ Fede (I think because Valentine's Day is near!). They are two boys with a crazy voice! My favorite song is "Lettera"! You have to listen to this song!

See you soon,

It's a book about dealing with failures in life and character. I decided it was appropriate to deal with these failures in public. This was my first-published book and I wanted to give it a good review to help get me more published. It was good, but I'm embarrassed to say I didn't remember to mention a second review! One that was more critical of the book. So I want to give this book another review. Is that okay? It's my fault I forgot. Mitchell H Q Traveller, C1 Teacher, S Book (Mitchell H Q Traveller, C1 Teacher, S Book) The first review was positive and I'm glad I'm giving the book a second one. I can see why it was given a positive review, but this one is more critical. Let's see what it says: How can you not be in public? That's not something I did, but I don't understand the logic of this book: It has nothing to do with how I dealt with any failure in my life. I dealt with it in public. It says "I don't understand why I'm not in public". I don't understand why I need to justify why I was too ashamed to do what the book suggests. Mitchell H Q Traveller, C1 Teacher, S Book When I was a child, I would look into my father's closet and it was filled with old clothes. Some of my clothes were too small, so I threw them away. I decided that if I ever reached my goal of becoming an author, I would need to buy a new wardrobe. I set a budget and started collecting old clothes I'd found in thrift stores. I was determined to be the author I'd dreamt about. I was thinking of a good place for my book signings and I thought they needed to be in a public place. But then I couldn't think of any booksellers who were in a good place in public. I decided to move my signings to somewhere in the middle of downtown. I gave my publisher the name and address of the place I'd picked. He didn't like it 82157476af
